

Swimming Lesson Info

Thank you for registering in our programs! The following is information that will be very useful to you. Please take the time to read this information so you are well informed.

Our programs run continuously, which means you register once and stay in the same day and time from September to June. This helps families plan activities in their busy lives. We will update your child's level as they progress through the various components of the swimming program. Space permitting, registration is available at any time. This year we have added an additional progress evaluation to keep parents/participants informed with a visual indicator of their progress.

1. We will post progress cards on Swimgen during the following weeks:
 - a) Week of November 11, 2019 – Fall Session
 - b) Week of January 27, 2020 – Winter Session
 - c) Week of April 9, 2020 – Spring 1 Session
 - d) Week of June 8, 2020 – Spring 2 Session
2. We will run a “fun day” for the children during progress week. Parents are invited to participate in the water with their child.
3. We will break from programs during the following weeks: Dec 22 – Jan 4, Mar 8-14.
4. Lessons will not run due to holidays on: Monday October 14, Monday February 17, Friday April 13, and Monday May 18.
5. Lesson progress cards are now available online! To access progress cards, use the link on our website or visit: <http://swimgen.net/search/spymca> Enter your child's barcode, found on their membership card and click “View Reports” to access their online progress card. Note: Badges have been discontinued so we are currently sourcing other options.
6. If your child must miss a swim lesson please call the YMCA or email colton.maracle@sp.ymca.ca in advance with your **child's name, swim level, day they swim, and teachers name**, in order for us to properly record they are absent with notice. If we do not receive notice and your child misses three (3) classes they will be removed from the class.
7. There may come a time when we have to cancel swim lessons due to weather conditions. Please listen to AM 1240 CJCS, like us on Facebook, or follow us on Twitter to keep yourself up-to-date on cancellations and other program information. Facebook: **Stratford-Perth Family YMCA**. Twitter: **YMCAstratfordCA**.
8. We must have a minimum number of students in order to run a swimming class, if minimums are not met we will do our best to combine the class if we can, if not we will do our best to place them in another class that has room.

Colton Maracle
Supervisor, Aquatics
